Parents were asked to complete this short questionnaire after the above Parent Meeting: Below is a summary of the feedback.

1. Was today's meeting useful?

<table>
<thead>
<tr>
<th></th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>100% (29)</td>
<td>0% (0)</td>
</tr>
</tbody>
</table>

2. Do you feel confident to deliver any of this at home with your child?

<table>
<thead>
<tr>
<th></th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>100% (29)</td>
<td>0% (0)</td>
</tr>
</tbody>
</table>

3. What was useful about today’s meeting?

- Tips on how to apply maths and make it fun.
- Counting, Maths games and numbers.
- Helping me to understand how I can help my child to learn at home and make it fun.
- Maths games
- Seeing different ways to ‘play’ number games at home.
- New ideas, layout of numbers used at school.
- Maths games, numbers, counting.
- Looking at expectations of EYFS and having time using the resources with my child.
- Understanding Numicon, dice games.
- Gaining ideas.
- Knowing my child’s area for development, we will be working on this at home.
- Knowing the best methods to use.
- What techniques you use in school.
- Good to know what is coming up this term, where to help focus at home. Good to see my child enjoying activities with school friends and not just me!
- Different methods of helping count and subtract.
- Being able to use everyday tools and tie them back to maths.
- Maths is not just counting skills. I learn when we see a number we can do lot of things like one more, one less, doubling etc.
- There were so many ideas for different activities that can be done at home.
- Understand what ‘maths; rally means in reception. Seeing practical ways we can encourage at home.
- Wealth of information, good to know how maths is taught, different to when I was in school.
- New ways to teach through play.
- Its not just about numbers its more understanding what they mean and how we can present them.
- Numicon, dominoes all learning tools to help develop.
- Now I know what methods to use and my child’s expectations.
- Learning the terminology used I school and equipment.
- Being able to understand how my child learns Maths at school.
- Getting a better insight into how they do things in class.
- Helps to understand the methods used to teach maths.

4. Do you have any questions that were not answered? Please write them here.

- It would be useful to understand J’s development areas before the workshop.
- Her scoring for her age.

At parents evening you will get a copy of your child’s progress tracker with areas for developments/targets.

- Not at this stage thank you.

5. Would you like to make any other comments about this meeting or about your child’s school life so far?

- I would like an extra Maths pack to be able to keep at my house. **Already sent home.**
- I thought it was fantastic, my child loved showing me the games he plays at school.
- Really pleased with the enthusiasm of the teaching staff in all aspects of the children’s education.
- Really pleased with my child’s progress, the range of homework, he is loving school and everything he is learning.
- Having the workshop is a great idea to involve parents and for us to understand schools approach to Maths.
- We are delighted with our daughter’s progress to date and are excited to see her future developments.
- Really useful meeting/workshop, I would personally like to thank both Mrs MacDonald and Mrs Robinson and all support team who are doing an amazing job for all the children and their development.
- My child is really enjoying maths and is developing it really well. I’m so happy with him.
- Teachers enthusiasm is very re-assuring.
- Pleased with my child’s progress so far.
- I would like a minute to look at the games before the children come into the hall. **This is a great idea, we will give parents the opportunity to explore the activities after the meeting and before the children come in.**
- My child is very happy
- My child is enjoying school and learning.
6. We are going to be holding more meetings in the future. What else would you like to find out about?

- Writing 3
- English
- Cursive handwriting
  The next Lockies Little Learners Workshop with be on Writing and the development from an emerging writer to an expected writer and beyond.
- Anything to help my child develop further.
- We would like to attend any future workshops as they are so interesting and great interaction for the children.
- Really appreciate any/as much insight into what is being done in school so we can better support at home.
  We look forward to seeing you at the future workshops.

- Transition to year 1 - 5
  A transition workshop will be held in Summer alongside the year 1 teachers.
- More of an overview of what the general topics you cover, how the curriculum changes from reception onwards.
  We will cover this in the year 1 meeting. In the meantime take a look at our school website, on the blog it will show you lots of curriculum activities taking place throughout the school. There is also a section with medium term planning for the year groups.
- IT
- Science and Experiments.

Inspiring each other everyday. Anything is possible.
